

Dear Friends,

Well, we have found a great place for the horses until we can secure a new property to continue our work with our kids. Unexpectedly, we were informed we had 35 days to find a new ranch, which has been like trying to find a needle in a haystack. We have been at this ranch for two years and have served over 200 kids with the help of many wonderful volunteers, parents and community help.

We have been a witness to many miracles here at the ranch during those two years. Autistic children, speaking and saying words, communicating, hearing and responding to riding commands. Youth with broken hearts and anger issues, kids that cut, were bullied, abused and were suicidal, now with a healed heart and have become some of our best volunteers. It's truly been a great reward to see lives transform before our eyes.

I have checked out tons of horse properties, every single day and for entire days from Bennet to Wolsenberg. Just when I almost got discouraged and forced to adopt out Madre and Miracle, God opened a door to a very nice ranch, with shelter, barn and great care, for us to board while we continue to stand in faith and work toward finding a permanent home for Zoe Sky Ranch.

We had to take all we had and buy a 4 horse trailer to transport, so now we get to work and save to and stand in faith to get to the blessing God has for us.

We are having youth withdrawals, especially our Special Needs and Autistic kids, but God has a plan and had to get us out of here to get us to where we are to be next. We could only grow so much with a limit on how many horses we could adopt. We had more kids than the horses could handle, but they are our heroes! (the horses) and supernaturally helped all the kids learn to ride and much, much, more. They have taught them to communicate, speak, be patient, be empowered, gain confidence, self esteem and be just a regular kid.

We are starting a sponsoring program, it's called "Sponsor a Hero" We have four heroes that need to get sponsored. Their names are Bullet, Spirit, Snow and Jake. Board, farrier, feed, immunizations, vet, worming etc...are all very costly approximately about \$400. per month, per horse (this is a very minimal amt). If you would like to sponsor one of our Heroes for a certain amount every month, please

pray and be led as to the amount.

You can go to our web page [zoeskyranch.org](http://zoeskyranch.org) and view the horses, click on their pic and choose a horse to sponsor. They appreciate any amount you are able to commit to. You can go to PayPal on our web and give your donation.

Oh, the new owner of Madre & Miracle as of tomorrow, said we can use them in our program and bring them out anytime...so God is good.

Thank you everyone for your love and support.

Jer 29:11

Blessings,
